And Much More!

Did You Know?

The first garden club in America was founded by 12 women in Athens, Georgia in 1891. The Founders Memorial Garden was built on the University of Georgia campus in their honor.

In 1944, the Garden Club of Georgia contributed $600 as seed money to the National Garden Club in order to start the NGC Scholarship Program. Today, that initial gift allows them to award 32 scholarships in the amount of $4000 annually to deserving students across the country. States, including Georgia, with memberships over 10,000, are allowed to submit two of their outstanding students to compete for NGC scholarships.

"Become a Legend - Begin a Legacy"

You can become a Patron of Scholarship or begin a legacy by establishing a Named Scholarship.

With a contribution of $1000, establish a
Named Scholarship
Honor someone for their service, leadership, or as a tribute to the memory of a loved one.

With a contribution of $200.00 or more, become a
Patron of Scholarship
Honor someone special today!

Contributions made by an individual or garden club of any amount go to the General Scholarship Fund which provides much needed funding for GCG Scholarships and other scholarships awarded by The Garden Club of Georgia, Inc.

All profits from the sale of The Garden Club of Georgia "Expressions" publication and the "Dollars Support Scholars" program go to the General Scholarship Fund. All donations further the education of our youth...our future.
