# DOGWOOD DISTRICT HIGHLIGHTS

## **Ama-Kanasta Garden Club on the Road!**

Ama-Kanasta members enjoyed two field trips this fall. First they experienced the fall beauty of the Atlanta Botanical Garden on a glorious day in November. The special exhibit of Enchanted Trees by Poetic Kinetics and the Christmas decorations enhanced the visit.

In December the club visited Dunaway Gardens in Newnan. Keith Robinson was the perfect host and regaled guests with the extensive history of the gardens and the exciting plans for the future. He instructed Ama-Kanasta members in making a wreath with beautiful cut greenery and served a delightful lunch. The visit ended with an informative tour of the property. Ama-Kanasta members are excited about the upcoming additions to this beautiful nearby property!

## **The Country Hills Garden Club (CHGC)**

**Winter 2025**

COUNTRY HILLS GC had their annual Christmas Host House Fundraiser on December 6 - 7, 2025 at the home of Monica Bozonier.

The proceeds from this fundraiser will go to the Ronald McDonald House Charity.

As usual, the over the top decorations were amazing and did not disappoint. The main color featured in the decorations this year was red. The CHGC members decorated each room with red and another color. The kitchen was decorated in a spectacular red, white, and blue design to pay tribute to the National Garden Club's 250 year

celebration project of red, white and blue set by Nilsa Summey.

Everyone who attended had a chance to visit and had a great time. CHGC would like to thank everyone who donated paper products or a monetary donation to make this fundraiser a success.. Again, thanks.

Happy Holidays to everyone.

## Town and Country Garden Club of Douglasville

had one more Yard of the Month Contest for 2025. Cindy Liggett was our winner on October 25th and I'm sure you'll enjoy seeing her beautiful yard and Koi pond. The weather had cooperated so everything was still lush and green and producing fruits.

Our garden club also showcases a monthly flower with a little background info on the flower.

The Pansy was our November featured flower. They are derived from the hybridization of the European Johnny-jump-up. The primary meaning of pansies is "think of you" derived from the French word pensée for thought. They also widely symbolize love, remembrance, and admiration.

The Poinsettia is the showcased flower for December. The Aztecs in Mexico is where the poinsettia originated. It was used for its red bracts for dye and its sap for medicine and called it cuetlaxochitl. It was introduced to the U.S. in 1825 by Joel Poinsett, the first U.S. ambassador to Mexico, which is how it got its name. Originally sold as cut flowers, it was the Ecke family's work in the 20th century that helped popularize the poinsettia as a potted plant for Christmas. The shape of the red and green leaves resemble a star, and is said to represent the Star of Bethlehem.

We also enjoyed our 3rd annual Christmas tour of homes this year on December 2nd which is a wonderful way to have everyone together one last time before we all become so busy preparing for Santa.

We hope everyone has a wonderful holiday season and look forward to safely ringing in 2026.

Winter 2025

Camellia Garden Club had their annual holiday luncheon at Bellini Osteria Toscana Dec. 9. Per the club's tradition, members sang carols, fought over a White Elephant gift exchange, and provided toiletry gift bags for the residents of the Roswell Nursing and Rehabilitation Center.

The club was honored by the special attendance of Mrs. Meredith Johnson, an honorary member and the granddaughter of Mrs. Adele Harper, one of the founding members, who contributed personal reflections.

The Magnolia Garden Club looks forward with anticipation to its next 90 years.

Roswell Garden Club Spreads Holiday Cheer Through Community Projects

Bringing Warmth, Color, and Joy to Roswell This Holiday Season

Celebrating the Spirit of Giving

As the holiday season arrives in Roswell, the Roswell Garden Club once again showcases its dedication to community and kindness. This year, members have come together to brighten the lives of neighbors and friends through a variety of creative and heartfelt projects. From crafting stunning centerpieces to decorating festive trees for children, the club's efforts are a testament to the power of giving and the joy of the holidays.

## **Centerpiece Project: Bringing Beauty to Adult Recreation Center Lunches**

One of the club's signature holiday projects is the creation of 70 unique centerpieces for the Adult Recreation Center's holiday lunches. Each arrangement is lovingly crafted with attention to detail, featuring seasonal greenery, vibrant ribbons, and cheerful accents. These centerpieces transform dining tables into festive gathering spots, making every meal feel special and welcoming for those who attend.

## **Happy Sacks Initiative: Spreading Smiles with Meals on Wheels**

The spirit of giving continues with the Garden Club's Happy Sacks initiative. This year, members assembled 50 Happy Sacks filled with thoughtful goodies and holiday treats for Meals on Wheels recipients. These bags, brimming with joy and practical items, are designed to bring extra cheer and a sense of connection to those who may be spending the holidays at home.

Each Happy Sack is a small reminder that someone in the community cares.

## **Decorating the Adult Recreation Center: A Kaleidoscope of Cheer**

To further enhance the holiday atmosphere, the club decorated the Adult Recreation Center with bright, cheerful colors and festive touches at every turn. From garlands and bows to sparkling ornaments, each element was chosen to create a warm and inviting environment. The decorations not only uplift spirits but also foster a sense of togetherness among center visitors, staff, and volunteers.

## **Mantels and Wreaths: Crafting a Cozy Holiday Ambience**

No holiday is complete without the traditional charm of mantels and wreaths. The Roswell Garden Club's members spent countless hours crafting and hanging beautiful wreaths and decorating mantels throughout community spaces. These handcrafted pieces feature a blend of classic and modern styles, adding comfort and elegance to every corner they adorn.

Their work ensures that every guest feels right at home during the festive season.

## **Tree Decorating for Santa: Magical Memories on Roswell Town Square**

Perhaps the most enchanting project of all is the club's tree decorating extravaganza for Santa's visit. Members decorated six dazzling trees, as well as three sparkling trees on the Roswell Town Square Gazebo. These trees serve as a magical backdrop for children waiting to meet Santa, their twinkling lights and playful ornaments capturing the wonder of the season. The club's efforts make the experience unforgettable for Roswell's youngest residents.

## **Conclusion: Uplifting the Community, One Project at a Time**

The Roswell Garden Club's holiday projects are more than just decorations—they are expressions of love, unity, and generosity. Through their creativity and hard work, club members foster a spirit of joy that resonates throughout Roswell. As neighbors gather, meals are shared, and children smile beneath the glow of holiday lights, the club's impact is felt by all. This season, their dedication reminds us of the true meaning of the holidays: coming together to celebrate, support, and uplift one another.

Happy Holidays

# Unsung Heroes

**Ama-Kanasta Garden Club has two Unsung Heroes that deserve recognition. Susanne Hudson and Jeri Farmer led our club as well as other Garden Clubs in Douglas County and the County Master Gardeners by organizing and planning the Penny McHenry Hydrangea Festival and Flower Show for 16 years.**

**Susanne a personal friend of Penny McHenry, the founder of the American Hydrangea Society, received permission from Penny's family after her death to name the festival in her memory. She and Jeri both went on to create a Festival that received state and national attention bringing tourists from many states and some foreign countries to experience a wonderful horticulture experience that included beautiful garden tours, award winning Near-Club Standard Flower Shows, horticulture vendors, and fun parties.**

## Jeannette Shewbert

If Norcross Garden Club were a garden, Jeanette Shewbert would be everywhere at once, pulling weeds, dividing plants, mulching beds, and somehow still finding time to write the newsletter, TWIG (This Week in the Garden). As our corresponding secretary and official news pollinator, she makes sure nothing and no one gets overlooked. Thank you Jeanette, you have been tending this garden for many seasons, and we all thrive beautifully because of your smile and generous spirit.

## Sue Wyatt

Sue Wyatt is our treasurer extraordinaire and we mean extraordinaire. For many, many years she has kept our books balanced, our records straight, and the rest of us out of trouble. Thanks to Sue's careful attention and steady hand we always know where everything is planted. Her dedication and reliability give us peace of mind and plenty to be grateful for. Thank you Sue, while the rest of us see rows of confusing numbers, you see neat little sprouts.

During our yearly plant sale both of these ladies are usually **ALWAYS** at the sale with Sue taking in the cash payments and Jeanette running the electronic payments.

Both of them would be hard to replace.
